

# Touching the World for Christ

May, 2010

April was a busy month for us at Touch the World Ministries. We had four teams that went out in four weeks. Two teams made their visit to El Salvador; one went to Israel and the other to Kenya. I am so thankful when people travel to different countries to work and share the love of Christ. The teams that went to **El Salvador** reported a great harvest. The Lord is doing something special in this country. We are grateful for Bob and Angeli Kendrick that are missionaries in El Salvador. They have treated and served us with much grace. There will be multiple teams going to El Salvador next year. Our team that worked in **Israel** was involved in a construction project at Petah Tikva. This team was touched to serve in the same areas our Lord did when He walked this earth. Many great testimonies have come from the touching moments of seeing the different places listed in the Bible. The team in **Kenya** is building a school for the children at our Champions Home. This team will return in May so I will wait and report all about this trip next month.

I was talking with our Project Director the other day and mentioned how excited I was to be involved with my Father in His business. The truth is He has provided for everything He has desired us to do at TTW. If it was my ministry I might be inclined to worry or get anxious in certain situations. This ministry exists to bring glory to our Father. He is involved with touching people all around this great world of ours. Another blessing to me is that He includes you to be involved with us also. Many of you pray and support us financially. We are a team, partnering together to spread the good news of our Savior. As you read this there are many things you are involved with. Villages are being rebuilt in Uganda, a new Champions Home is being started in Liberia, as I have already said, there is a school being built in Kenya, Pastors are being trained in Romania, the homeless are being fed in Moldova, children are being clothed and fed in India, Haiti, and the Ukraine, and on and on. Great is your reward for being a part of serving in all of these places. The Father must be pleased, I certainly am!

## *Child Sponsorship Program* *Touching the World* *One Child at a time*

### **Paul**

Paul is a 7 year old boy at one of our Family Housing Units in the Ukraine. He was very neurotic and cried a lot when he first came to the home. He never smiled. For a long time he couldn't satisfy his hunger. His hands were shaking all the time. Now Paul has learned to play with toys, he smiles and even laughs. He learned to speak and the nervousness is gone.

There are hundreds of children like Paul that desperately need your sponsorship. For only \$15 per month you can make a difference in the life of a precious child.
