

Touching the World for Christ

June, 2010

Well summer time is upon us. April showers have brought in May's flowers and now June is upon us. How blessed we are to live in this wonderful country. As we celebrated Memorial Day last week I was reminded of the great sacrifice that has been paid so that we can have the freedom we all hold so dear. I am thankful to our men and women in the armed services! I can't help but think about the greatest hero. One day He made a stand; not an army just one man! Calvary marks the place of the greatest hero's victory! I am so thankful for the freedom He provided by conquering death, hell, and the grave.

We had a team travel to Kenya in May to River Jordan Champion's Home in Bungoma. Their purpose was to build a school building for this compound. This school is much needed. In January we had a team that went into the schools in Bungoma to teach HIV training and one of the schools had 1100 students with just ten classrooms. The school building will be complete this month and soon the 100 children on RJ campus will be meeting in it for their education. Children from the community will also be coming to the school which will help make River Jordan Champion's Home self sustaining. That is our goal for all of our projects. We want to help them become self sustainable so they can reach out to their own communities with the good news of Christ.

I want to thank each one of you for your prayers for all of our projects. Prayer is the key to everything. When you pray you are right there beside of us working on the school building in Kenya! Many of you give financially. How grateful I am for your giving. Our Father is pleased when His children see and meet needs. Thank you! You make me very proud to call myself a Christian!

In Christ,

Homer

Kenya Mission Team

Child Sponsorship Program

Touching the World

One Child at a time

Teresa Barasa

Teresa is a 9 year old girl living at River Jordan Champions Home in Kenya. Before coming to live at RJ Teresa lived with her step mother who mistreated her. When she had food she was forced to eat outside because her parents died with HIV/AIDS. She had no education, clothing or parental love, and was very unhappy. Now Teresa has a home, is happy, well clothed, goes to school, and she is loved.

There are hundreds of children like Teresa that desperately need your sponsorship. For only \$15 per month you can make a difference in the life of a precious child.
