

# Touching the World for Christ

July, 2010

What a busy month we had in June. Summer time is always busy with teams coming and going. It excites me to see men and women that are willing to give their time, talents, and resources to travel and serve others around the world. We had a team travel to Laloveni, Moldova to do a family camp. God certainly put together a wonderful group that worked well together. There were many decisions for Christ not only at the camp, but also as the team traveled on the planes. It is such a blessing to know that our team members are sharing Christ and seeing a harvest even as they travel. This team worked with the homeless and reached out to children in the surrounding communities.

We also had a team travel to Romania. This was a husband and wife team. Joe Easterling taught at our Pastor School in Drobeta Turnu Severin, and his wife, Anne, ministered to children in the surrounding towns. We are so grateful for the great teachers that the Lord has provided to teach at our school. Next October will be our first graduating class. Our prayer is that these men will fill the great void of pastors in the villages surrounding Drobeta Turnu Severin. How blessed we are as a ministry to be involved with ministering to the homeless and training pastors. Because we are involved, you are also involved with us. Some of you travel and serve on our teams, some of you support our orphans, some of you give financially, and some of you pray for us regularly. All of this is part of the team work that goes into doing ministry. Thank you for your part in Touch the World Ministries. I always feel very humbled that the Lord allows me to be a part of such a great ministry family. How blessed that I am to have you all on our team. May God richly bless you as we serve Him together!

Forever thankful,  
Homer

## Child Sponsorship Program

*Touching the World*

*One Child at a time*

### Alexey

Alexey is one of 10 children living at a family based housing unit in Ukraine. Alexey has been at this home since 2003. He was a sickly and weak child. Now he is the best in his class at running. Alexey is in the second grade. He isn't really fond of studying, but like any child he enjoys watching cartoons. He knows much about God. Alexey is very sociable and enjoys telling stories.

There are hundreds of children like Alexey that desperately need your sponsorship. For only \$15 per month you can make a difference in the life of a precious child.
