Pastor Moses Omondi from Nairobi, Kenya has been in the United States this month and we have had the opportunity to spend some time with him. It has been a blessing to spend time in fellowship with him here where we live. It has been very exciting to hear what the Lord is doing in Kenya through Pastor Moses.

Pastor Moses works with Teens for Christ in the capital of Kenya. Teens for Christ is reaching 145,000 teens by sharing the gospel and then discipling them. Moses is also the founder of Echoes of Mercy in the village of Kamuya, Kenya. There are great things going on in Kamuya village. Pastor Moses, with the help of his partners, has built a mission house, schools, a church, and offices and has a vision to build a medical clinic. It is amazing at the transformation of this village. Our Director of Projects and his wife traveled to Kamuya, Kenya in 2010 and took pictures of the orphans and one small dilapidated mud building that the village was using for multiple purposes. The transformation of the village is astounding. We are so thankful to the Lord for His provision for this rural village. The awesome thing about Kamuya village is that Moses Omondi grew up there. As a man he has returned to where the Lord allowed him to be born, and through the Lord's help has transformed the place of his birth. That is a great example to us. What are we doing in the places of influence that the Lord has given us? We need to be bringing the transforming message of the gospel into our "mission fields". Isn't it great to be a part of building the Lord's Kingdom and "touching the world" with the greatest message given to man!

During this wonderful Thanksgiving season, I would like to say that I am so thankful for the role you play in this ministry. The ministry would not be possible without your prayers and support.

## ***Child Sponsorship Program***

*Touching the World...One Child at a Time*

**There are hundreds of children like Simon that desperately need your sponsorship. For only \$15 per month, 50 cents per day, you can make a difference in the life of a precious child.**

Simon is one of two hundred children which is a part of the Echoes of Mercy Program that reaches out to impoverished and orphaned children.

Simon was born in 2002 in a small village in Nyanza Province called Kamioro. He lives with his parents who are poor and struggling to make ends meet. At his tender age, Simon is forced to do odd jobs to be able to get something to eat. His parents cannot even afford to give him decent clothes. The young boy goes to school bare-foot as money to buy him proper school uniform is not available. The little money that they make goes to buy food.

*"Therefore pray the Lord of the harvest to send out laborers into his harvest."*
