Volume 14, Issue 2

May is a time when everything is blooming! New life has come. Spring has sprung. We have a **brand new Champions Home being built in Rajahmundry, India.** The well has been bore and there is fresh water for the children. They have built a storeroom and watchman room and are well underway. I cannot express how thankful we are for this project to be taking off. We tried for over a year to build a home in Hyderabad and because of political red tape; it was never able to happen. We, as a Board prayed and felt like the Lord would have us look for another location. We contacted our missionary and He began this project with no complications. Praise the Lord; He has seen fit to direct us to this new location. In a matter of months over a hundred children will have a new home! Just like the spring flowers blooming, these children will bloom and grow and learn about the ways of our Lord. Isn't that exciting! We are so thankful for the donor that had a heart to build this Home. One lady that the Lord impressed to give financially is providing a home for these precious children and will be changing their lives. God is so good. May He be glorified through this Home and may He bless the one that gave for these precious children! **Once this home is complete there will be many children in need of sponsors. If you would like to be a part of taking care of one of these dear children please contact us for sponsorship information.** This is what Touch the World is all about, touching the world one child at a time. Thank you for being a partner with us on such a fantastic journey. You all just make things better. We are blessed that we have family all around this country and all around the world. May our Lord bless you as we serve Him together.

Until His Return,  
Homer

## *Child Sponsorship Program*

*Touching the World...One Child at a Time*

Grace is one of the one hundred orphans residing at River Jordan Champions Home in Kenya. Most of the children living at River Jordan have been orphaned because their parents have died of AIDS. Pastor Patrick Wamalwa, the director of River Jordan writes regarding Grace: "I got Grace while she was living with her aunt who was very cruel and she did not care for Grace. Grace was living hardship life due to mistreatment of her aunt telling her I am not your parent. Grace was crying all day without knowing where to go. She had no clothing, no beddings, and no food. She was eating once a day and sometimes not at all. Through Touch the World Ministries Grace is happy, has a home, and is getting her basic needs met. She is healthy and joyous. She says God is good for bringing Touch the World Ministries in her life. She is going to school."

**There are hundreds of children like Grace that desperately need your sponsorship. For only \$25 per month you can make a difference in the life of a precious child.**

*"Therefore pray the Lord of the harvest to send out laborers into his harvest."*

*Matthew 9:38*
