

What a joy to serve the Lord with great partnerships around the world! Moses Omondi, founder and president of **Echoes of Mercy Mission in Kenya**, visited with us this month. Moses has a great ministry in Kisuma village. The Lord has literally transformed it into a thriving disciple making region. In 2009 there was only one dilapidated church/school building, and now there is an entire compound consisting of a church, a mission house, a school, and a medical center which is almost complete. **Construction is about to begin on a new orphanage in the village, however, funding is still needed for its completion.** If you are interested in transforming children's lives for Christ and would like to be a part of building this orphanage please contact us. Moses has a heart to help his people. He knows the very best he can give them is Jesus. Everything he does is Christ centered! We had a wonderful visit with him. He is such a blessing and his enthusiasm is contagious. Please keep him in your prayers as the Lord works through him!

Also, please don't forget that the Christmas shoe box project for El Salvador. It is hard to believe it is that time of year again. This year we are going to try and get them to Mississippi earlier so that Bob and Angelique Kendrick, of Kendrick Ministries will have more time to distribute the boxes in El Salvador. We are so thankful to all that are involved with this great project!

Please be in prayer for all of our projects around the world! **Pastor John Moses from Bethany Children's Home in Hyderabad, India** is in the States and we will be meeting with him next month. We are blessed to have wonderful, Godly partners around the world and here in the US. You are a partner with us in this great endeavor. May the Lord bless you as we "**touch the world**" with the good news of the gospel.

Serving Together,
Homer

Child Sponsorship Program

Touching the World...One Child at a Time

Faith is one of the many children that are a part of the Echoes of Mercy Program that reaches out to impoverished and orphaned children. Touch the World partners with Echoes of Mercy to help care for these children. Moses Omondi is the founder and director of Echoes of Mercy.

Faith is the fifth born in a family of eight. Her parents are peasant farmers and sell their produce at the market. They barely make enough to take care of their large family and even take them to school. Faith and her siblings sleep hungry on some nights and the little girl is therefore malnourished and weak. For only \$25 a month you can help to take care of Faith..

There are hundreds of children like Faith that desperately need your sponsorship. For only \$25 per month you can make a difference in the life of a precious child.
