Volume 15, Issue 3

In 1998 on a walk beside the New River in Todd, NC God clearly spoke to my heart about a work He was beginning to do. It has been a most amazing journey as God put together an organization that He would use to feed, clothe, house, and religiously educate literally thousands of orphans around the world. As of this date TTWM has work going on in at least 16 different countries around the world. Medical needs are being met. Education is taking place on many levels. Grade school, vocational training, and many pastors and evangelists are being trained. The scope of the work God is doing through TTWM and its partners is too extensive to address in a short article. FYI, none of the board of TTWM gets a salary. Myself, and David Cooper who is Director of Projects take neither salary nor expense account. As a matter of fact, we all put money in the work. It amazes me how much God does with so little.

Now, why do I share this with you dear friends and supporters? Because it is Easter. Some two thousand years ago God stopped time by placing His Son into the time line of earth and then He started it again. That's why it's only 2016 and not 6000 something. Jesus was born, He lived, taught, died (paying the penalty for our sins), and rose again (EASTER). All because He loved you and me - - - and the thousands of others He has touched, taught, cared for, and saved through TTWM. His great sacrifice and boundless love for mankind is why TTWM exists today.

Thank you for joining me, Barbara, David, Sandy, and many others in being a part of this work God is doing. I pray that you had a blessed Easter!

Because He lives,  
Until He comes.

## ***Child Sponsorship Program***

*Touching the World...One Child at a Time*

Josephine is one of 60 children residing at Love A Child Orphanage in Liberia, a partner of Touch the World Ministries. Reverend Albert Wreh, the director of Love A Child, and his wife Rebecca are committed to taking care of these precious children.

Josephine was brought to Love a Child Orphanage because her father died and her mother is in the village where there is no good school system. She wants to be a Silver Engineer when she grows up.

**There are hundreds of children like Josephine that desperately need your sponsorship. For only \$25 per month you can make a difference in the life of a precious child.**
