

We are thankful for those who
Gave all for our freedom

Volume 15, Issue 4

My heart is full of thankfulness as I begin to think of all the things that you guys have been a part of with Touch the World Ministries. There are hundreds of children fed everyday because of your generosity. We can't understand the importance of three meals a day here in America, because it is a norm of life, but all around the world children starve to death. Not only do you help feed them, but in multiple countries, you have helped to build them a home to live in. We have "Champion Homes" all around the world that house precious gifts of God. In these homes you are helping them learn about Christ and His love for them. Many have accepted Him as their Savior. This should cause us to rejoice! What will God do with these boys and girls one day for His kingdom? You also help to educate and clothe these children. Never take for granted the tremendous work you are doing. You are also involved with training pastors, planting churches, helping families with agriculture, teaching people to sew, raise fish, raise cows, and raise chickens. There are many things that you are involved in that most of you probably don't even realize. All this to say thank you! We are thankful for you! We could not ask for a better team. One of our Homes in India is almost complete. When completed, this home will house 150 more children that will be provided for daily. Remember, the greatest thing that you can do for Touch the World Ministries is to keep us in your prayers! We need strong prayer partners to help us stay focused and dedicated to the work of the Lord. My prayer for you is that the Lord will bless you as you continue to serve Him. May He make His face shine upon you, may He give you peace!

Until He Returns,

Child Sponsorship Program

Touching the World...One Child at a Time

Sivaji is one of 52 children residing at Agape Home for Children in India, a partner of Touch the World Ministries. Pastor Nehemiah Rajan, the director of Agape, and his wife Helen are committed to taking care of these precious children.

Sivaji was brought to our home by his Uncle. His parents were physically impaired and suffering due to extreme poverty. Sivaji dropped out of school due to his family situation. He and his brother worked with his uncle in construction. He was longing to go to school when he saw his peers going to school every day. Though he is a slow learner, he shows great interest to learn. Sivaji has a sense of humor and fills our home with laughter. He loves to play foot ball. His favorite song is "Is anything too hard for the Lord."

**There are
