Volume 16, Issue 3

As we begin into the busy summer it starts with a bitter-sweet announcement. At our River Jordan Champions Home in Kenya we have lost a great servant. Jacob, the oldest son of Pastor Patrick Wamalwa had a motorcycle

accident. From injuries sustained in this accident he passed and went on to be with the Lord. My heart is heavy and yet I can rejoice that He is with our Savior. Jacob was a great asset at River Jordan and was loved deeply by the children at there and by all that knew him. River Jordan has lost a true servant of God. He cooked for the children, he was the soccer coach of River Jordan Academy, and a Praise and Worship Team Leader in River Jordan Church. Pastor Patrick and his family are devastated and the 100 plus children are

heartbroken as well. Please pray for this home. Pray that the Lord will bring all of them comfort as they continue on after this great loss. We are so very grateful to have known this young man and to see his commitment to the Lord and his great heart for helping all the children at RJ. Thank you to everyone that gave to help with his funeral expense. There were over five thousand people in attendance.

Please keep Touch the World Ministries in your prayers as we seek to serve the Lord around the world. There seems to be so many needs and so few funds and workers. We rely on the Lord's provision though good people like you. We will continue to serve Him as long as He keeps leading. May our greatest days be ahead for us! Please know we love each and every one of you and are thankful to have you for partners in the work of the kingdom. May He bless you as you serve Him!

Until He Returns,

*Homer*

*"Therefore pray the Lord of the harvest to send out laborers into his harvest."*

*Matthew 9:38*
